

HINES TO STATE VIEWS ON RAILS

Director Prepares Report on Recommendation to Wilson.

ATTACK CUMMINS BILL

La Follette and Dial Join in Opposing Pending Measure—Expect Passage.

WASHINGTON, Dec. 9.—After conferring with Chairman Cummins and Sen. of the senate and house interstate commerce committee regarding pending railroad legislation, Director General Hines has drawn a report with recommendations for President Wilson.

It was said at the white house today that the report would be given to the president this evening or tomorrow. In his recent message to congress the president said he would deal with the railroad situation in a message and Mr. Hines was requested to draft a report on the pending legislation.

While the president has announced that the railroads would be returned to private operation by January 1, there is a growing belief here that reports of the line will wait enactment of permanent legislation by congress, officials, how ever, refuse to comment.

Given a renewed opportunity by restoration of the measure to the committee of the white senate critics of the Cummins railroad bill today launched a new and heated attack on various provisions of the legislation designed to meet conditions incident to the forthcoming return of the railroad properties.

Senators La Follette, republican, Wisconsin, and Dial, democrat, South Carolina, led the renewed attack and their discussion of the bill occupied virtually the entire session. The result at adjournment was that the measure was no nearer passage. Leaders tonight expressed hope that a final vote would be reached before the end of the week.

Keep the little one free from skin trouble
At the first sign of skin irritation—a blotch or an itching, burning rash—apply a little Resinol Ointment to the affected part, which first has been cleansed with Resinol Soap.

Do not neglect baby's skin, because it is easily irritated, and if neglected, obstinate trouble may persist in later life. Resinol Ointment is safe and harmless—it was originated by a doctor, and has been used by doctors for many years.

At all druggists.
Resinol

PERRY SAYS HE IS SORRY

Prisoner Who Escapes Unnoticed From Office Will Return.

That he is sorry for placing his getaway and will proceed on parole, tended to the federal penitentiary at Leavenworth was the substance of a message received in the United States marshal at Muskogee Monday morning from Clyde Perry, who escaped from his guard at Muskogee after pleading guilty in the federal court here to the charge of robbing interstate shipments. The message was sent from a small town in Kansas. He requested that a contract be sent to the prison authorities. Federal officers last night had not been advised as to whether he had reached his promised destination.

Perry received a sentence of one year and a day. The parole board was quickly served notice of his escape from the penitentiary at Muskogee.

ARMY IS IN NEED OF CAR

Friends of Salvationists Are Now Raising Necessary Fund.

The Salvation Army of Tulsa needs a car to help in the work of looking after the poor of the city. Friends of the Salvation Army are working this week to make a car enough to run the work, which is a small amount to be raised by the subscription drive now in progress.

The Tulsa corps of the Salvation Army needs a car which the friends of the army must raise.

very clothing and food. This work requires the work of three or four officers, who give their entire time to it. Old clothes are gathered and carried to the city, where the needy go to get supplies of clothing and food. In cases of sickness, the clothes are distributed. At the present time the only conveyance that the army has for gathering and distributing clothes is a bicycle. It is almost impossible to carry on the work without a car.

A committee of Tulsa citizens has been formed to raise the fund to buy the car and the campaign, which started last Friday, will be carried on the remainder of the week. Judge C. S. Edwards of the New York building is the chairman of the committee and those who are interested in the work that is being done by the Salvation Army in Tulsa are asked to mail checks to his office.
